

CITIZEN SCIENCE OPPORTUNITIES

SOUTH AUSTRALIA

PAE FLORA & FAUNA

Bird, insect & photo-point monitoring of vegetation on council reserves.
environment@cityofpae.sa.gov.au

FROG WATCH SA

Register with the FrogSpotter app to record frog calls.
frogwatchsa.com.au

SEEDS FOR SNAPPER

Beachcombers & boaters can assist Ozfish in collecting & planting seagrass seeds.
ozfish.org.au/projects

REEF WATCH SA

Recreational divers & other (on shore) volunteers gather data about the health of the ocean.
reefwatchsa.org.au

FERAL OR IN PERIL

Use a free kit of waterproof cards to identify and report sightings of feral or endangered species.
conservation.sa.gov.au/feral_or_in_peril

BIRD LIFE AUSTRALIA

Participate in the Beach-nesting Birds Program or the Shorebird Monitoring Program. Training provided.
beachvol.birdlife.org.au

SECCHI DISK PROJECT

Record data using a secchi disk with the Friends of Gulf St Vincent volunteers.
secchi.org.au

QUESTAGAME

An outdoor, multi-player mobile adventure game. Submit sightings of species via the app.
questagame.com

AUSMAP - MICRO-PLASTICS

Join their sampling teams to conduct microplastic surveys
ausmap.org

AUSTRALIAN CITIZEN SCIENCE ASSOCIATION

A community that supports, develops & informs citizen science.
citizenscience.org.au

ATLAS OF LIVING AUSTRALIA (ALA)

Search for citizen science projects or add your own.
ala.org.au/category/citizen-science

INATURALIST

Download the app to record and identify plant and animal species you find.
inaturalist.org

CITIZEN SCIENCE OPPORTUNITIES

AUSTRALIA WIDE

MOZZIE MONITORS

Share mosquito observations using the iNaturalist app. mozzie monitors.com

KOALA MAP

Add your koala sightings to the website savethekoala.com/koala-map

BIOBARCODE AUSTRALIA

Collect small samples of plant/animal material for DNA extraction. biobarcoding.com.au

AUSSIE BACKYARD BIRD COUNT

An annual national bird survey in late October. aussiebirdcount.org.au

EVENT

REEF LIFE SURVEY

Trained scuba divers undertake standardised underwater visual surveys of reef biodiversity reeflifesurvey.com

CLIMATE WATCH

Register online and choose the mammal, bird, insect, reptile or plants you are interested in - then record observations with their app. climatewatch.org.au

WILD POLLINATOR COUNT

Count wild pollinator insects on flowering plants in your local environment. For more info wildpollinatorcount.com

GREAT SOUTHERN BIOBLITZ

An annual international event of biological surveying using iNaturalist (October). greatsouthernbioblitz.org

EVENT

WILD ORCHID WATCH

Collect & record orchid data using the WOW app wildorchidwatch.org

BUTTERFLIES AUSTRALIA

Record butterfly sightings with a smartphone. butterflies.org.au

FUNGIMAP AUSTRALIA

Record photos of rare fungi. Visit fungimap.org.au to get started.

CITY NATURE CHALLENGE

An annual international event of biological surveying using iNaturalist (April/May). citynaturechallenge.org

EVENT

ECHIDNA CSI

Take photos and/or collect scats (i.e. poo!) and record them on the ALA website. grutznerlab.weebly.com/echidna-csi.html

DIGIVOL

Contribute to the ALA scientific database: Transcribe/label biological collections & more volunteer.ala.org.au

MANGROVE WATCH

Send in pictures of mangrove plants. mangrovetwatch.org.au

MARINE DEBRIS INITIATIVE

Pick a beach/river clean-up site, or join an existing event and record your data. tangaroablue.org
