# Hi Neighbour!

I am \_\_\_\_\_, and live at \_\_\_\_\_

Many of us locals are worried about the green cover in our neighbourhood.

Last year, residents planted 500 trees on private land in our council.

I'd like to work with you on the **“Growing Together”** Project by planting ‘free native trees’ provided by council in our front/backyards.

Collectively we can get trees and plant them together!

If you'd like to join along, contact me on \_\_\_\_\_

More info: [portenvironmentcentre.org.au/growing-together/](http://portenvironmentcentre.org.au/growing-together/)
